

## Grant Enfinger Racing Welcomes Support From Stanley Industries For 2011

**CONCORD, North Carolina (March 3, 2011)** - - Longtime ARCA Racing Series presented by Menards marketing partner Stanley Industries will continue a presence in the series in 2011 as company officials announced Tuesday that they will join Grant Enfinger Racing (GER) as an associate marketing partner for the remainder of the season.

Located in Clawson, Michigan [Stanley Industries, Inc.](#) has been serving the fastener industry since

1967 as a full line distributor of top quality products for all your fastener needs. With over 50,000 square feet of inventory, Stanley Industries prides themselves on long term commitment to quality products and service.

[Stanley Industries, Inc.](#) supplies your standard and special diameter and length socket products, hex caps, nuts, pins, washers, rods, and screws with the fastest turn around time in the industry. Orders can be accepted for both short and long runs and many special items are in stock and ready for immediate delivery.

Jim Cash, President of [Stanley Industries, Inc.](#) commented, "It is with great pleasure to be affiliated as a marketing partner with a thriving driver and team," Cash said. "The team is off to a fast start and we're looking forward to jumping aboard again for 2011."

Over the years [Stanley Industries, Inc.](#) has grown to become a major fastener distributor. W. W. Stanley founded the company in 1967. He brought with him 30 years of experience in the fastener industry. Acting as Chairman of the Board, Mr. Stanley's family is now actively involved in the company's operation. Stanley Industries is also involved in the community through the Clawson Rotary Club and the Clawson Chamber of Commerce.

"Grant Enfinger Racing welcomes Stanley Industries aboard and we're looking forward to this marketing relationship," said GER owner Grant Enfinger. "Stanley has a lot to offer GER both on and off the track and we plan to exercise those capabilities to the best of our ability this season."

The relationship with [Stanley Industries, Inc.](#) was initiated through the No. 09 Grant Enfinger Racing (GER) Ford Fusion by crew chief Howard Bixman in 2010.

"Stanley Industries has been involved racing and the opportunity to introduce them to Grant Enfinger Racing was a no-brainer," sounded Bixman. "I appreciate their involvement throughout the years and hopefully we can take them to victory lane at some point during the season."

GER is in the midst of nearly a two-month break in the ARCA Racing Series presented by Menards series. Last month, GER handed the wheel over to USARacing Pro Cup Series veteran Benny Gordon who delivered a solid seventh place outing in the No. 09 VSI Ford Fusion in the Lucas Oil Slick Mist 200 at Daytona (Fla.) International Speedway.

The impressive performance has rightfully earned the team some momentum and the Concord, NC. -based ARCA team is planning to return in the series' next event at Talladega (Ala.) Superspeedway on April 15.
